### NEW PRESIDENT OF A. AND M.

President Harrington Resigns and Secretary of Agriculture Milner Elected.

Yesterday afternoon it transpired that a private telegram from Corpus Christi, where the board of Directors of the A. and M. College was in session, had been received, which stated that the board had accepted the resignation of President Harrington and had elected as his successor Hon. R. T. Milner, who now holds the portfolio of agriculture in the State administration.

The intelligence came as a great surprise to everyone, inasmuch as no intimation of Dr. Harrington's intention had been made and not even the slightest suspicion of his course was entertained. Nevertheless, aside from the sensation it created, it proved a relaxation of the painful tension existent throughout the interval since the origin of the controversy incident to the presidents position several months ago, and a relief to all, notwithstanding the different lights in which the matter was viewed.

Dr. Harrington has a host of warm and earnest friends and constituents who will continue in their faith in his excellent judgment and patriotic motives which may have governed his actions, and the amicable settlement of the differences aroused will be heartily approved of by all who have an interest in the school, one of Texas most creditable educational institutions.

The new president, Hon. Robt. T. Milner is no stranger to the people of Bryan and is well known throughout the State. He first came into prominence as a newspaper man in the town of Henderson, the seat of justice of Rusk county. He served several terms in the legislature and won friends and honors as speaker of the house. After holding some minor positions in the state government, he was last year called to preside over the department of agriculture, which is one of the most important in our civil economy. In his capacity as commissioner of agriculture he has been ex officio a member of the board of directors of the A. and M. College and has attended all the meetings during the last year, thereby becoming familiar with all the affairs of the institution.

The Eagle heartily congratulates President Milner and wishes him a long and prosperous administration.

### INITIATION BY TELEPHONE.

Work of Secret Order to Be Observed by Telephone.

Denver, Colo., Aug. 7.—Tomorrow night, for the first time on record, the "work" of a secret order will be transmitted by long-distance telephone, when Manley J. Hemmens, supreme councillor of the United Commercial Travelers, will sit in his home at Green Bay, Wis., and listen to the initiation of fifty candidates by Pike's Peak Council No. 15 of this city. That absolute secrecy may be insured it has been arranged to place members of the order in charge of all connections along the lines as well as at Green Bay and Denver.

### MORE RATIONAL FEELING.

This Is the View That E. H. Harriman Takes.

San Francisco, Aug. 7.—"A more rational feeling prevails throughout the country in the matter of financial conditions," said E. H. Harriman while discussing the question of prosperity and other subjects of interest to the people at large.

"I feel there is much improvement in the situation. With crops growing and those already gathered the production in the aggregate will be of greater magnitude and value this year. This is the basis of prosperity. When farmers sell crops they will be in the markets to buy and thus help the merchant and manufacturer. It is necessary for the railroad corporations to have credit with which to raise funds to put the roads on a proper basis and have them reach the highest state of efficiency.

"As I wrote President Roosevelt and Secretary Taft, I favored regulated publicity, but feel the railroads must have protection. Forced competition by legislation is destructive and not beneficial."

"Regarding the ruling of the interstate commerce commission that the railroads and transpacific steamship lines must publish their rates, I feel the situation is a serious one. The steamship companies have never asked the government for a subsidy or assistance in any manner."

### HOME BLOW UP.

Dynamite Cause Death of Two Negroes and Others Injured.

Camden, Ark., Aug. 7.—Two negroes were killed, one fatally and eight seriously injured when a double tenement at this place was blown up by a heavy charge of dynamite. The cause of the dynamiting is unknown as there has been no race trouble here for several years. The families of Jim Arnold and Ed. Moore, occupying the tenement, had not been connected with any negro feuds. The house was reduced to splinters. Two children of the Arnold family were killed outright and one from the Moore family is expected to die.

### Trickett Arrested.

Kansas City, Kan., Aug. 7.—C. W. Trickett, the assistant attorney general, was arrested at his home here on a state warrant charging malfeasance in office. The specific complaint is Trickett accepted fees and settled cases before the defendants were arraigned to court to determine their guilt.

### Has Paralysis Stroke.

Sherman, Tex., Aug. 7.—First Lieutenant Wylie Mangum of the army arrived at Sherman, suffering from the effects of a stroke of paralysis. He was taken to the home of his father, W. P. Mangum of this city, where he lies in a critical condition. For the past several months he has been in a hospital at Washington, D. C.

### CHANGES APPROVED.

This Action Done to Remove Objectionable Statements.

Austin, Aug. 7.—The governor as chairman of the textbook board approved certain changes to be made in Myer's book of elementary arithmetic published by Scott Foreman & Co., and adopted for use in Texas schools. These changes eliminate objections raised by John B. Hood camp of United Confederate Veterans that this book is calculated to prejudice and mislead children, as it is claimed it is tainted with sectional prejudice. Former State Senator Hicks of San Antonio, attorney for the company said however, that these changes were contemplated before the veterans took exception to the book. A number of problems relating to Texas history were substituted for the so-called objectionable matter.

Bruce Anderson, for the past four years chief clerk of the state purchasing agent's department, has resigned, effective Oct. 1. Purchasing Agent Haynes announced he had tendered the position to C. B. White of Bonham, tax assessor of Fannin county, and late candidate for comptroller. Anderson's home is at San Antonio.

State Health Officer Brumby appealed to the county judges, in session at San Antonio, urging upon them to take concerted action toward requiring local health authorities to take more interest in sanitary matters over the state.

The case of Warren Moore, charged with assault to murder Frank Glover, set for Justice Moore's court on preliminary hearing, was continued until next Friday.

### For Protection Only.

Austin, Aug. 7.—The attorney general's department furnished an opinion to the secretary of state in which the department held that a labor organization cannot be organized under the law for profit, but must be for protection only. The question came up over the efforts of the Isaac Heffron Stevedore company of Galveston to incorporate with a capital stock \$10,000 under the act providing for incorporation of labor unions. The charter was turned down.

### PROMPT ACTION PROMISED.

It Was Decided to Have Railroad Commission File Complaint.

Washington, Aug. 7.—After a further conference between Chairman Knapp and Commissioner Clements of the interstate commerce commission an representatives of the state of Texas concerning the proposed freight rate increases, to take effect Monday, it was decided to file formal complaint by the state railroad commission of Texas against the several railroads concerned in the increase of rates. This complaint will be drawn up by Assistant Attorney General Pollard of Texas. Chairman Knapp assured the representatives of Texas that this complaint will receive as prompt attention as possible under the law and the case be given the precedence over other business with a view to the wide importance of decision to be rendered.

### Crew's Pitiable Plight.

Galveston, Aug. 7.—Captain Maynard Young, commanding the Mallory line steamer San Marcos, reports having encountered the American schooner Charles Noble Simmons with a cargo from Porto Rico for Baltimore in distress. Heavy seas practically wrecked the vessel. The crew had been without anything to eat five days and was almost at the point of starvation. The San Marcos supplied provisions to last the remainder of the voyage.

### Leg Blown Nearly Off.

Paris, Tex., Aug. 7.—Ed. McCoy, employed at the Paris Bottling works, was injured in a tank explosion. His left leg was blown almost off. His body was picked up thirty feet away from the generator.

### Frisco Office Robbed.

## Bryan Morning Eagle

Entered at the Postoffice in Bryan,  
Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, AUGUST 8, 1908.

President Gompers cannot deliver the entire labor vote to Bryan, but he can come as near it as President Van Cleve can come to delivering the entire "business men's" vote.

The full rendition law has come to stay and all opposition to it is like kicking against the goads. Not only the tax collectors, but a large majority of the people are for it.

Europe has 86,000,000 cotton spindles and grows no cotton. Texas grows 3,000,000 bales of cotton and spins practically none. There is a lesson in these figures for Texas farmers and business men.—National Co-operator.

Two of the seven candidates for vice president have undergone surgical operations since the nomination. All of them except Mr. Kern will undergo another operation in November, by which they will have their political aspirations amputated.

Tonight along towards midnight, which will be Sunday morning in New Zealand, the American battleships will arrive at Auckland. The New Zealanders are in a frenzy of excitement over the event. In that remote part of the world a great fleet has never been seen.

Bryan's Commoner of August 7 contains the following among other acknowledgements of money received: "Bryan, Texas—I send New York exchange for \$75, my contribution to the presidential campaign fund. With best wishes for Democratic success." Who sent it?

While the Submissionists have a small majority of the primary vote and will have a working majority in the State convention, the Antis have a majority in the State senate, and as the constitution requires a two-thirds majority of each house to submit an amendment, there is a chance for a mix-up that will last at least until another legislature is elected.

The term "business men" is often used in a restricted sense, meaning wealthy manufacturers or merchants, and sometimes to include stock gamblers and other speculators. W. J. Bryan's definition is: "Every man who is engaged in a work which is useful to society is a business man; every man who contributes by brain or muscle to the nation's wealth is a business man."

## THE MARK WE HIT

Is the mark of perfection in all that relates to the skillful and scientific compounding of doctor's prescriptions. The every-day medicines, the most complex prescriptions, the emergency needs are all handled here according to advanced methods by an experienced compounder. Every drug in our store is of a recognized power and freshness, having been carefully selected for these properties. No incompetency; no misrepresentation; no substitution.

- 1862—Gen. Banks defeated at Cedar Mountain, Va.
- 1870—Fall of the Ollivier Ministry in France.

### A LOVE FEAST.

Rival Farmers' Union Leaders Embrace Each Other.

In common with all friends of the Farmers' Union, the Eagle rejoices in the settling of the disputes that have heretofore distracted the councils of that great and useful organization. As is well known, President Neill and ex-President Calvin were the leaders of the two factions. The correspondent of the Galveston News thus describes the scene of their reconciliation:

"Before the investigating committee's report was submitted President Neill surrendered the gavel to Lee Satterwhite of Freestone County as temporary chairman. A general free-for-all discussion pro and con followed the reading of the report, each man seeming to think he had a solution for the problem. After the discussions had continued for some time and at a time when most men would have shut off further discussion with the gavel and brought the matter to a shown-down, Mr. Satterwhite announced from the chair that further discussion would be restricted to President Neill and ex-President Calvin.

"In the course of exchange of talks that followed by these gentlemen, Mr. Neill indicated that he cherished no animosity for Mr. Calvin, or any other member of the union, and when he had finished Mr. Satterwhite, who sat at the stand, with President Neill on one side and Mr. Calvin on the other, turned to the latter and in an undertone said: 'Mr. Neill has signified his wishes to drop the whole matter. Why not settle it now?' Calvin cheerfully replied that it was his desire that harmony should prevail, whereupon the two leaders moved toward each other, and when they met it was not with a handclasp, but in an embrace.

"Then came the scene that beggars description. Five hundred strong men went down under the wave of emotion that engulfed the assemblage. Some shouted. Many wept outright, and it was declared upon good authority that there was not a dry eye in the great auditorium. As the two leaders stood embraced some one said, 'Let us swing Chapman into it,' whereupon Mr. Chapman, who was in the rear of building, was carried forward a willing participant in the impressive demonstration. Amid the shouts and weeping for joy and other demonstrations J. A. Kinard of Howard County started up the good old camp meeting song, 'How Firm a Foundation,' and every one who could make a noise like singing, who was not too much overcome, joined in the grand old song until it seemed that the roof would be raised from the building. More than one of the cool-headed among the delegates stated that in all their experiences they had never witnessed anything to equal it. A prominent labor leader said: 'I confess that I am a pretty hard case when it comes to touching my emotional nature, but even I was not an exception to those who were moved to tears.' And so the matter ended, the union being drawn together with new and stronger ties."

### INDEPENDENCE ITEMS.

Good morning, Mr. Editor, I thought I would step in and give you a few dots of our community. Health at this writing is very good.

Brother Mays filled his regular appointment at this place Saturday and Sunday. With the addition of five new members, there are enrolled 24 members in all. We have preaching here once a month, Sunday school and singing every Sunday evening, and prayer meeting every Sunday night.

Mr. Charlie Turner's Singing school closed Friday. His wife made us a nice little talk and Mr. Charlie closed with a prayer. Oh, it was so sad to tell them both good-bye. Tears mingled on both sides, for we had learned to love them and they had learned to love us. Mr. Charlie, accompanied by Willie Conaway and Tommie Byars, have gone to Limestone to aid his brother in a twenty days' school.

The attendance is quite large and all the twelve camps of the state and represented by large delegations. The headquarters of the Department of the convention are at the Planters Hotel. Great activity prevails at the headquarters, as two St. Louis men Martin Scherer, Jr., and E. H. Hoeber, are candidates for the position of department commander and their friends are working hard for their success. An elaborate program of entertainment has been prepared by the St. Louis city board, a federation of the three St. Louis camps. The principal meetings of the encampment will be held at the Odeon and the encampment will close on August 9.

## VISIT TO THE PUBLIC SCHOOL

Improvements Completed—In keeping With the Times.

By invitation of Supt. Lawson, a representative of the Eagle yesterday visited the East side public school building, to inspect the repairs, which have recently been made. He was shown through the entire building and it is putting it mildly to say he was surprised at what he saw.

What first attracted his attention was the beautiful polished walls, glittering with the single or double coats of kalsomine. In all the rooms the black boards have been resurfaced and are now better than they have ever been before.

One notable addition to the equipment is a splendid set of maps of the geography of the ancient nations, to illustrate the study of ancient history and of Latin classes. These are especially for the eighth grade, but will be used by the other classes when necessary.

In all the rooms the stoves have been treated with coats of shining polish and all the facings, panels and other wood work have been revarnished. In the third story, the temporary partitions, which were put in to accommodate the art classes, have been removed, converting it into a spacious and beautiful auditorium, with a handsome rostrum.

The library was repaired last year under Prof. Lawson's supervision and now it looks as bright as if it were fresh from the brand of the artisan. Many new books have been placed on the shelves during the past year, and additions will continue to be made keeping the stock up-to-date.

Superintendent Lawson is not only an accomplished teacher but possesses also extraordinary executive ability and fully appreciates the importance of keeping up with the procession in all things. He is doing a grand work for Bryan, a fact which the citizens generally appreciate.

## UP TO ATTORNEY GENERAL.

Austin, Texas, August 5.—The Attorney general's department is to pass upon the question as to whether or not it requires a majority of all votes polled in the recent primaries for the submission proposition to carry the State.

Today the department received a letter from Will A. Morris of San Antonio, a member of the State democratic executive committee, in which the question is submitted. Mr. Morris wants the department to construe section 120 of the Terrell election law which touches on this subject. This is a most important matter, as it may determine the question as to whether or not the submission issue is to be submitted to the people at the next general election.

The anti's have always claimed that under section 120 of the Terrell election law it takes a majority of all votes cast in the primaries in order for submission to prevail. Should this view of the matter be taken by the attorney general then there will be no submission. On the other hand should it be decided that it only requires a majority of the votes cast on the proposition of the prohibition issue then submission will be submitted as thus far it is apparent that for submission prevails by a few hundred votes.

It is said that Attorney General Davidson declines to make public a ruling upon request of a private citizen, but that he is investigating the matter thoroughly and will be ready to respond to a request for a ruling by the State convention, should one be made.

A. S. Hollifield's store, six miles from Dallas, was robbed of \$70 worth of goods.

Confederate reunion at Dublin, Erath county, Texas, was attended by 15,000 people.

Houston city commissioners have voted a \$100,000 bond issue for improving streets.

While standing in front of a mirror combing her hair Miss Opal Vance of San Antonio fell dead.

U. N. Atkinson, an ex-Confederate soldier, died near Karnes City, Tex., from the effects of a beating.

J. P. Archibald of Blairsville, Pa., was elected president of the National Association of Retail Jewelers, in session at Cincinnati.

## THE SPECIAL SALE.

Eugene Edge "On the Corner" offers Exceptional Bargains.

Today marks the first stage in an event of more than passing importance in local shopping circles—a clearing sale that bears greater significance than the usual occasion to which the term is applied, and about which already extraordinary interest among those who are vigilant in the watch for exceptional bargains centers.

Effective today and throughout the interval to August 15, a mammoth line of seasonable dry goods, laces, embroideries, men's clothing, etc., to the amount of \$30,000, will be offered the public at the establishment of Eugene Edge "On the Corner" at sale prices that should appeal to the notice of every one. Actual cost is not considered in the marking of many articles and all goods listed in the reduction are of the current season's styles and purchase. Little or no profit is sought by Mr. Edge in inaugurating this sale, the main object being to make room for fall stock which will be purchased during the month, and in recognition of the generous patronage which his establishment is enjoying, he extends the public the opportunity of profiting by the unexcelled bargains offered rather than carry the goods over to another season. Mr. Edge has observed this custom in the past, but for this year it will be extended on such liberal lines as to make the event incomparable to previous similar occasions of local occurrence. He leaves on the 15th of this month for the northern markets, where his personal care and judgment will be devoted to the selection and purchase of a thorough and up-to-date line of fall and winter wear, dry goods, etc.

## BRAZOS COUNTY AHEAD.

J. D. Steele of Millican Has Bumper Crop of Sweet Potatoes—Other Triumphs of Mr. Steele.

Mr. J. D. Steele who lives two miles west of Millican brought in yesterday twenty-two bushels of sweet potatoes, which he sold for \$1.50 per bushel. Mr. Steele raised the entire twenty-two bushels on a quarter of an acre. The twenty-two bushels at \$1.50 per bushel brought him \$33.00. At this rate an acre would yield \$132.00. Mr. Steele will sow the same ground to turnips, for which he expects to receive at least \$25.00, making a total of \$68.00 from one quarter acre, or \$272.00 per acre in one season.

Mr. Steele has for three successive years beat the world with his undivided farm displays at the International Fair at San Antonio and is confident of winning the blue ribbon again this year at the same place. He also won first premium in competition of all corn exhibited last year beating an Iowa exhibitor, who was called beat 40 points. He will have in his exhibit this year fourteen varieties of corn and feels confident of again coming out victor. He challenges the world to show against him. From San Antonio Mr. Steele will go with his exhibit to the Dallas state fair, to show the North Texas people how far Brazos county is ahead.

If something isn't done to stop Mr. Steele, he will make Brazos county famous as the best farming country in the world.

## NOW IN NEW QUARTERS.

Wilson & Derden, the well known clothiers and furnishers, are now located in their new quarters, east side of Main street, and today will be ready to attend to the wants of patrons to the best advantage and satisfaction. The new location, under the extensive improvements naturally allows a better display of their complete and thorough line of goods and the spaciousness of the building is to the very best advantage and comfort of a patron. The firm invites a visit from old customers and the public in general, with the assurance of the same courteous attention which has already won so much credit and popularity for the establishment.
